## PETITIONING THE COURT

## To issue a warrant.

The probation officer believes that the offender has violated the following condition(s) of supervision:

Violation Number      Nature of Noncompliance

- 1      **Mandatory Condition # 4:** The defendant shall refrain from any unlawful use of a controlled substance. The defendant shall submit to one drug test within 15 days of release from imprisonment and at least two periodic drug tests thereafter, as directed by the probation officer.

**Supporting Evidence:** On September 8, 2014, Mr. Olds reported to the U.S. Probation Office and admitted to his supervising officer he used methamphetamine from approximately September 3, until September 6, 2014. Mr. Olds signed a drug use admission form indicating use on the referenced dates.

- 2      **Special Condition # 16:** You shall undergo a substance abuse evaluation and, if indicated by a licensed/certified treatment provider, enter into and successfully complete an approved substance abuse treatment program, which could include inpatient treatment and aftercare. You shall contribute to the cost of treatment according to your ability to pay. You shall allow full reciprocal disclosure between the supervising officer and treatment provider.

**Supporting Evidence:** Mr. Olds was recommended to attend three weekly sessions of intensive outpatient treatment by a chemical dependency professional. The last date Mr. Olds attended treatment was on August 20, 2014. Mr. Olds indicated to the undersigned officer that around the first of September, he absconded to the Coville, Washington, area, admitted he used methamphetamine and continued to miss treatment. As a result of Mr. Olds' continued absence from treatment, he was terminated on September 9, 2014, from the program for noncompliance.

The U.S. Probation Office respectfully recommends the Court issue a warrant for the arrest of the offender to answer to the allegations contained in this petition.

I declare under penalty of perjury that the foregoing is true and correct.
